

6 August 2019

Tena Koutou Katoa

As you will no doubt be aware, Mrs Mackay has been away from school last week, and she will continue to be away for the rest of this week. Unfortunately she has been struck down by a terrible bout of winter illness and is at home recuperating. She is doing her best to get back to good health and energetic spirits to return to school and is missing her class dearly.

You will also be aware that the teacher shortage and available local reliever pool is at an all-time low and it has been difficult finding consistent relief to cover the class. We have been very fortunate to have had some outstanding teachers support us on days they can. I will be teaching the Room 5 class for the remainder of the week and really look forward to spending some quality learning time with these children over the next few days.

Thanks in advance for your understanding and support.
